Vidhi Gulhane

D15B Roll No. 15   MAD Experiment 8

Aim: To code and register a service worker, and complete the install and activation process for a new service worker for the E-commerce PWA.

Create service-worker.js

Create a cacheable file called offline.html to be displayed in the absence of an internet connection.

```html
<!-- offline.html -->
<h1>You are offline 😕</h1>
<p>Please check your internet connection.</p>
```
